FERRO-FORM™

NEW VCI Packaging Innovation
conforms to the needs of
Automotive OEMs Worldwide

Ferro-Form™ provides ultimate VCI protection for your automotive parts and assemblies. *These innovative, award-winning covers* have Daubert Cromwell VCI right in the material, making a durable cover that provides both structural and corrosion protection to the metal.

Form-fit technology ensures that engine, electrical, wheel, body and automotive shapes keep out dirt, moisture and corrosion-causing contaminants from the point of assembly to point of delivery.

“An ingenious solution to a costly problem.”

***Need to drive out costs and eliminate packaging waste...
we've got you covered.***

- Form-fit design creates an effective barrier against oil, water and moisture.
- Protects sensitive parts and assemblies during storage and shipment.
- Reduces labor costs.
